Chicken Business

The first proper post on TonyWicks.co.uk! Today has been one of those brainstorming days. I've been working on a story involving a giant samurai chicken for a few weeks now, and pages 1 - 6 are scripted, with pages 1 - 4 drawn. 5 is being pencilled as we speak. And that's as far as it went...a teaser to something half formed, though quite promising...so I think.

Until today, when in the shower (most of my best ideas come in the shower) I had the whole backstory come flooding into my head, a story which would enable a rambling episodic story of a Kung Fu (70's TV series) nature with a decent central theme to glue it all together.

I wish I could say more, but suffice to say, this has succeeded 'Dimo' as my pet project.

Watch this space!
